Re: Early Childhood Preschool Screening

Date: January 9, 2009

Please find enclosed a flier for advertising this year's preschool screening in our community. Sikeston Public Schools will conduct its annual preschool screening for all children birth through four years old on February 2<sup>nd</sup> through February 5, 2009. This screening is for children living in the Sikeston R-6 school district.

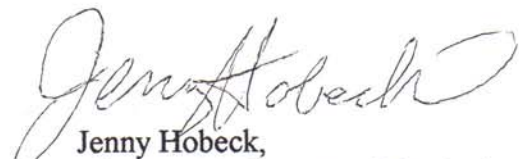

In addition to developmental screening, each child will receive a dental, vision, hearing and language screening. Screening results will be discussed with the parents and developmental materials for working with children will be available. The goal is to help parents better prepare their preschoolers for school life.

Screening is required for a child to be enrolled in the Early Childhood Preschool at the Kindergarten. ECE Preschool is for children who will be four by July 31, 2009.

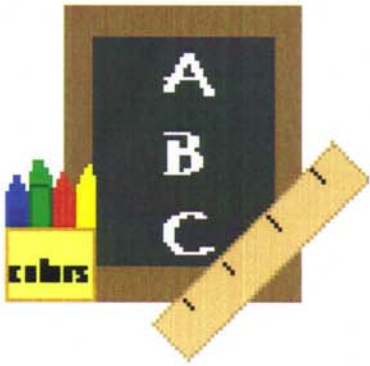

This FREE screening will be held at the Sikeston Kindergarten Center in the preschool wing. Parents are encouraged to call 471-0653 for an appointment.

Children who will enter Kindergarten in 2009 will be screened and enrolled in March.

Thanks so much for your assistance in promoting this screening within your organization.

Jenny Hobeck,  
Sikeston Kindergarten Principal
